Kitty Knuckle

Kitty-Knuckles are designed to make you more effective in defending yourself. The kitty's two sharp ears work as sharp and painful pressure points when used on an attacker. The eye holes are designed ergonomically to act as grips for two fingers to ensure a sturdy hold when attacking possible threats. Compact, tough and easy to use.

- Features a detailed snarling kitty cat design
- Eye-holes for fingers are about the same size as a 13 ring size.
- This model is especially compact allowing you to use your fist or an open hand as you choose without losing it.
- Very convenient, easily fits into a pocket or purse.

Bling Stun gun Ladies Special

A 2-in-1 self-defence weapon designed for women. It comes equipped with a powerful yet non-lethal electric pulse that will render attackers incapacitated. A powerful tool disguised as a harmless handbag add-on. Additionally, it doubles as a powerful flashlight making it a must-have gadget for women.

- Compact design makes it easily transportable – at a height of 11cm, it'll fit right into any type of bag with no difficulty!
- The product is designed to be discreet and look like a makeup accessory
- Boasts a standby battery backup of 30 hours and is rechargeable.
- A fully charged stun gun can generate up to 50 electric shock pulses of 3.8 million volts each
- The flashlight is powerful and can be used independently as a source of light.

Basu E-Alarm

Basu is a well designed, ergonomic alarm designed to be well hidden and concealed from plain sight. Its small size is a strategic method to conceal its prowess. With a powerful siren almost as loud as an Ambulance. The Basu is capable enough to sound continuously for 30 minutes until the pin is inserted back into the body. The Basu also includes a Metal carabiner making it easy to attach

- The Basu has a 120 db Alarm
- Much like a grenade, it has a pin which once removed activates the alarm
- It is TSA approved and can be carried in flight
- It has a long lasting alarm, it can ring continuously for 30 minutes until the pin is reinserted
- It has a battery Life of upto 5 years
- It supports multiple usage, just reinsert the pin and the Basu is ready to be used again

- Can be carried almost anywhere.
- Lets you take notes and jot down important information like number plates
- They are ideal for attacking someone's pressure points, and for twisting uncomfortably against bones.
- Quick and easy access with the convenient pocket clip and screw-off top
- The tactical pen will perform when needed for self-defense and blend in when not in use
- Pen can be refilled with Schmidt P900M Parker Style Black BallPoint Cartridges

Today's world is one where safety and security – especially for vulnerable groups like women, children, and senior citizens – has become the need of the hour. However, when one hears the word “self defence” they automatically associate it with training and techniques learned from expensive classes. Here at XBoom, with our products we believe in making you YOUR OWN HERO.
