

AIR PURIFIER

BROCHURE

DYSON PURE COOL ME BP01 (WHITE/SILVER)

- Cools you with purified air, not dirty air, Easy to use
- Precise airflow control at your fingertips. Projects a targeted stream of purified air, wherever you need it.
- Captures 99.95% of allergens & bacteria as small as PM0.1. Keeps them trapped.
- 360° Glass HEPA Filter (6.7m material, pleated over 200 times) & Activated Carbon Filter
- Small footprint (base diameter - 19.5 cm only) lets you place it anywhere you want.
- Suitable for personal spaces & small size rooms with coverage area of upto 250 sq.ft.

DYSON PURE COOL ME BP01 (BLACK/NICKEL)

- Cools you with purified air, not dirty air, More efficient than traditional desktop fans
- Precise airflow control at your fingertips. Projects a targeted stream of purified air, wherever you need it.
- Captures 99.95% of allergens & bacteria as small as PM0.1. Keeps them trapped
- 360° Glass HEPA Filter (6.7m material, pleated over 200 times) & Activated Carbon Filter
- Small footprint (base diameter - 19.5 cm only) lets you place it anywhere you want
- Suitable for personal spaces & small size rooms with coverage area of upto 250 sq.ft

DYSON PURE COOL ADVANCED TECHNOLOGY TOWER TP04 (WHITE/SILVER)

- Automatically senses and reports air quality levels on LCD screen and Dyson Link App in real-time
- 360 degrees Glass HEPA Filter & Tris Impregnated Activated Carbon Filter capture 99.95% of harmful ultra-fine pollutants & allergens as small as PM 0.1.
- Patented Air Multiplier™ technology projects over 360 litres of purified air per second across your whole room
- 350 degrees oscillation ensures proper circulation throughout the room; personalised angle feature
- Suitable for medium to large size rooms with coverage area of upto 600 sq.ft.
- Energy efficient; Wattage : 40W (at max. setting)

DYSON PURE COOL ADVANCED TECHNOLOGY TOWER TP04 (BLACK/NICKEL)

- Automatically senses and reports air quality levels (PM 2.5, PM 10, VOC, NO2 & overall AQI) on LCD screen and Dyson Link App in real-time; only purifier to report ALL of these separately.
- 360 degrees Glass HEPA Filter & Tris Impregnated Activated Carbon Filter capture 99.95% of harmful ultra-fine pollutants & allergens as small as PM 0.1.
- Patented Air Multiplier™ technology projects over 360 litres of purified air per second across your whole room
- 350 degrees oscillation ensures proper circulation throughout the room; personalized angle feature
- Suitable for medium to large size rooms with coverage area of upto 600 sq.ft.
- Energy efficient; Wattage : 40W (at max. setting), Airflow max settings: 361 l/s

DYSON PURE COOL ADVANCED TECHNOLOGY TOWER TP04 (BLACK/NICKEL)

- Automatically senses and reports air quality levels (PM 2.5, PM 10, VOC, NO2 & overall AQI) on LCD screen and Dyson Link App in real-time; only purifier to report ALL of these separately
- 360 degrees Glass HEPA Filter & Tris Impregnated Activated Carbon Filter capture 99.95% of harmful ultra-fine pollutants & allergens as small as PM 0.1. ; Air Flow Level: 1300 CMH ; Number of Speed Settings: 10 ; Other Features: Quiet Mode Sound Level - 42.3 dBA; Sound level at Max Setting - 64.4 dBA ; Other Convenience Features: 350 degree oscillation for whole room purification. Customizable through Dyson Link App
- Patented Air Multiplier™ technology projects over 360 litres of purified air per second across your whole room
- 350 degrees oscillation ensures proper circulation throughout the room; personalized angle feature
- Suitable for medium to large size rooms with coverage area of upto 600 sq.ft.
- Energy efficient; Wattage : 40W (at max. setting)

DYSON PURE COOL ADVANCED TECHNOLOGY (WHITE/SILVER) DP04

- Automatically senses and reports air quality levels (PM 2.5, PM 10, VOC, NO2 & overall AQI) on LCD screen and Dyson Link App in real-time; only purifier to report ALL of these separately.
- 360 degrees Glass HEPA Filter & Tris Impregnated Activated Carbon Filter capture 99.95% of harmful ultra-fine pollutants & allergens as small as PM 0.1.
- Patented Air Multiplier™ technology projects over 360 litres of purified air per second across your whole room
- 350 degrees oscillation ensures proper circulation throughout the room; personalized angle feature
- Suitable for small to medium size rooms with coverage area of upto 450 sq.ft. Airflow max settings: 437 l/s
- Energy efficient; Wattage : 40W (at max. setting)

DYSON PURE COOL ADVANCED TECHNOLOGY (WHITE/SILVER) DP04

- Superior purification that can be applied to max 62m2 room
- Special auto-purification mode effectively removes pollution
- Quieter and constant clean air delivery during sleep
- HEALTHY AIR PROTECT ALERT FOR FILTER LIFETIME WITH ACCURACY

DYSON PURE COOL ADVANCED TECHNOLOGY (WHITE/SILVER) DP04

- Intelligent auto purification Smart sensing technology senses in real time and automatically removes all three major threats of indoor air: particles, harmful gases and indoor allergens. Switch easily between 4 modes; Auto, Sleep, Gentle and Turbo.
- Color-coded air quality Easily identify the air quality in your home with a simple color-coding system displayed on the top of your air purifier.
- 3-layer filter Prefilter catches dust and hair, followed by the activated charcoal filter that removes harmful gases and unpleasant odors. Finally, the NanoProtect HEPA filter captures ultra-fine particles as small as 0.003 microns.
- Smart filter status indicator See the amount of pollutants filtered and how much life your filter's got left for effortless maintenance

PHILIPS- AC 3059

- Intelligent auto purification Smart sensing technology senses in real time and automatically removes all three major threats of indoor air: particles, harmful gases and indoor allergens. Switch easily between 4 modes; Auto, Sleep, Gentle and Turbo.
- Color-coded air quality Easily identify the air quality in your home with a simple color-coding system displayed on the top of your air purifier.
- 3-layer filter Prefilter catches dust and hair, followed by the activated charcoal filter that removes harmful gases and unpleasant odors. Finally, the NanoProtect HEPA filter captures ultra-fine particles as small as 0.003 microns.
- Smart filter status indicator See the amount of pollutants filtered and how much life your filter's got left for effortless maintenance

PHILIPS- AC 3821/20

- Energy and cost efficient, less than 1 kWh per day
- 4 pre-set humidity levels
- Easy move around with four casters
- Ultra-quiet for a good night's sleep
- 3 auto modes: General, Allergen, and Sleep

PHILIPS- AC 0819

- Filters 99.5% particles as small as 0.003 microns
- Removes up to 99.9% of viruses and aerosols from the air
- Smart sensors for intelligent purification
- Thoroughly tested for quality you can trust
- High Performance suitable for rooms of up to 49 m²

PHILIPS- AC 6609/20

- Healthy air protect for smarter filter life management
- Sleep mode for your comfortable night of sleep
- Real time PM2.5 feedback and 4 color AQI light
- 4 settings to give you ample choice in fan speed.
- 3 options for lights on/off setting to meet your needs

KO5A RIDER

- Filters 99.5% particles as small as 0.003 microns
- Removes up to 99.9% of viruses and aerosols from the air
- Smart sensors for intelligent purification
- Thoroughly tested for quality you can trust
- High Performance suitable for rooms of up to 49 m²

A3B FIGHTER

- Filters 99.5% particles as small as 0.003 microns
- Removes up to 99.9% of viruses and aerosols from the air
- Smart sensors for intelligent purification
- Thoroughly tested for quality you can trust
- High Performance suitable for rooms of up to 49 m²

K15B SNIPER

- **HIGH-EFFICIENCY & WIDE COVERAGE FILTRATION** - Double purification system designer with air pollution indicator touch panel display remove PM2.5 JAPAN imported SHINYEI KAISHA particle sensor power on stable operation time is 6second and response time is 1second, monitor particle size down to 0.3micron.
- **INTELLIGENT TOUCH SCREEN SENSOR SYSTEM** - The air quality indicator design button gives you a clear insight into air quality at the far end.
- **SAFE AND SECURE** - Top grill outlet is safe and intimate to prevent fingers child lock , prevent accidental touch, when the mode is turned on, other buttons will be locked, effectively prevent children from misuse.
- **BOTTOM CASTER WHEEL DESIGN** - It has wheels at the bottom so you can move it freely to anywhere without hurting the floor and it also have convenient handle on both side fixable and comfortable.
- **KILLS GERMS AND MOLD** - Recommended for dust, dander, allergens, pet fur, odors PLUS bacteria and mold spores.

KENT ALPS + UV

- **Air Purifier Type** - Room; Purification method - High-Efficiency Particulate Arrestant (HEPA) filter type + Air Ionizer
- **Coverage area:** 463 sq. ft. / 43 sq. mtrs., suitable for bedroom / living room (large)
- Proven HEPA technology for trapping dust, harmful pollutants from air; Along with ionizer to improve the air quality and refreshing air in the room
- Specially treated carbon filter with specially sized pallets for better adsorption properties for odour/foul smell, oxides of Sulphide and Nitrogen, dust, cigarette smoke etc
- Inbuilt Filter Change Alarm for indicating the time to replace filter; Inbuilt Intelligent Light Sensor to monitor the air quality in the room and purifies air accordingly
- One touch Child lock feature for safety purposes

KENT ALPS + UV

- **Air Purifier Type** - Room; Purification method - High-Efficiency Particulate Arrestant (HEPA) filter type
- **Coverage area:** 290 sq. ft. / 27 sq. mtrs., suitable for bedroom / living room (medium) ;Input Power Supply:
- **Clean Air Delivery Rate (CADR):** 180 m³/hr; CADR indicates the volume of purified air (in cubic mtrs) which an air purifier produces every hour
- Product will be having white background but design color may vary as per availability
- Proven **HEPA** (High Efficiency Particulate Arrestor) dust collection technology for trapping harmful pollutants from air; Specially treated carbon filter with specially sized pallets for better adsorption properties for odor/foul smell, oxides of Sulphide and Nitrogen, dust, cigarette smoke etc
- **Inbuilt ionizer** to improve the air quality and refreshing air in the room; One touch Child lock feature for safety purposes

KENT MAGIC CAR

- **HEPA Technology** - KENT Magic Car Air Purifier uses HEPA technology to clear hazardous pollutants. HEPA (High Efficiency Particulate Arrestor) filter removes 99% fine particles and toxic gases from the air by using a unique three stage filtration process.
- **Removal Of Particulate Matter** - KENT Car Air Purifiers use HEPA filter that effectively removes PM 2.5 and SPM (Suspended Particulate Matter) that is present in the indoor air. The specially treated activated carbon filter of the air purifier also helps in absorbing any foul odour or smell present in the indoor air.
- **Carbon Filter To Remove Bad Odour** - It employs a specially treated activated carbon filter that effectively absorbs any odour/foul smell in the air, volatile organic compounds, oxides of sulphide and nitrogen, hydrocarbons, cigarette smoke, dust, pet odour, etc.
- **Low Noise Operation** - KENT Magic Car Air Purifier produces less intensity noise (less than 35 dB) and thus, has an extremely silent operation.

KENT CAR OZONE AIR DISINFECTANT

- Air Purifier Type - Car Type
- Purification method - Ozone Generator
- 1 Year Warranty
- Produces Ozone gas, an environment friendly and highly reactive oxidant, which is sprayed quietly and effectively through a fan
- Neutralizes stale and foul odour rapidly and supplies fresh air
- Extremely silent operation
- Does not require any service and change of parts

KENT ROOM AIR OZONE DISINFECTANT

- Air Purifier Type - Room; Purification method - Ozone Generator
- 1 Year Warranty
- Produces Ozone gas, an environment friendly and highly reactive oxidant, which is sprayed quietly and effectively through a fan
- Neutralizes stale and foul odour rapidly and supplies fresh air
- Extremely silent operation
- Does not require any service and change of parts
- 3-mode selector to suit different requirements

KENT ROOM AIR OZONE DISINFECTANT

- AEROLOFT brings you latest technology Room Air Purifier with 5 Stage Purification Technology, Digital Display and Remote Control
- Air Purifier is enabled with 5 Layer Purification Technology starting with Pre Filter, High-Efficiency Particulate Arrestant (HEPA) filter, Activated Carbon Filter, Photocatalytic Mesh Filter and UV-C Light Filter
- Air Purifier is power packed with super control via Smell Sensors, Filter Replacement Reminder, Auto and Sleep Modes
- Coverage area: 367 sq. ft. / 35 sq. mtrs., suitable for bedroom / living room
- Washable pre-filter that removes larger dust particles, pet hair/dander, soil etc
