* The DJI Motion Controller is sold
separately.

DJI FPV
Remote Controller 2

DJI FPV Goggles V2

S Mode

Get the dynamic look of FPV footage easily in S mode. This hybrid flight mode combines the freedom of flying manually with the simplified controls of previous DJI drones.

N Mode

Ideal for new users, N mode offers immersive flight with traditional drone flight controls along with DJI safety features like obstacle sensing.

M Mode

Fly in M mode for complete, limitless control and the full FPV flight experience. Customize parameters and enjoy flight and footage unlike anything else. [4]
