Netgear R6350 AC1750 Wifi router

- Wi-Fi speeds up to 1750Mbps. Compatible OS: Windows Me, Windows XP, Windows Vista, Windows 7, Windows 8 and 8.1, Windows 10, Mac OS, Linux based operating systems, Android, Apple iOS, Windows Phone
- Online gaming and HD streaming for the whole home. Easy setup – get online in minutes
- 880MHz processor delivers high-performance connectivity
- USB 2.0 port – wirelessly access and share USB hard drive
- Connectivity for the latest dual-band mobile Wi-Fi devices like iPad/iPhone
- AC1750 WIFI – up to 300+1450Mbps, WIFI RANGE: Large homes
- Gigabit wired – Ideal for HD gaming and video

Netgear RBK53- 100PES Wi-fi Router

- Fast Home WiFi Everywhere -From the basement to the backyard, this Orbi Whole Home WiFi System (RBK53)
- Ethernet ports If you like the performance and stability of a wired connection, an Orbi WiFi system is a great solution for you
- Better WiFi. Everywhere. Works with Amazon Echo/Alexa & the Google Assistant – Control your home network using voice commands
- Enjoy the convenience of having a single WiFi network for your home. Go from your terrace to the backyard as you watch your favorite shows on your tablet. No WiFi disconnects, no dead zones

Netgear RBK752-100EUS Wi-fi Router

- Whole-home mesh WiFi coverage up to 5,000 square feet and 40+ devices. Mesh technology helps you stay connected as you roam around your home using a single network name. Extend coverage up to 2,500 sq. ft. with additional satellites (sold separately).
- AX4200 WiFi 6 powers up to 4.2Gbps of streaming HD video, gaming, or Internet surfing and downloads. Works with existing WiFi devices and new WiFi 6 devices like iPhone 11, Galaxy Note 10, and Galaxy S10.
- Replace your existing WiFi Router (separate modem or gateway required). Compatible with any Internet Service Provider up to 2Gbps including cable, satellite, fiber, DSL, and more.
- A dedicated band between your Orbi router and satellite frees up the other two bands for maximum speed to your devices.
- Connects to your existing cable modem and sets up and customizes in minutes with the Orbi app – easily manage your WiFi settings at the device and network level, test your Internet speed, view speed history, and monitor data usage

Netgear RBK752-100EUS Wi-fi Router

- **Fast WIFI 6 Performance:** Get wireless coverage for large homes with AX11000 speed (Tri-band up to 1.2 + 4.8 + 4.8 Gbps).
- **12 Simultaneous Streams:** Provides more capacity so more devices can use WiFi at the same time.
- **Wired Ethernet Port:** Plug in computers, game consoles, streaming players, and other nearby wired devices with 4 x 1G and 1 x 2.5G Ethernet ports.
- **Loaded with advanced technology:** Designed with a 64-bit 1.8ghz quad-core processor, 8 amplified antennas, beamforming+, mu-Mimo, dynamic QoS, smart connect, ofdma, Alexa voice controls, and more
- **USB connections:** Share a storage drive with any connected device, and create personal cloud storage to access from anywhere, using the 2 x 3.0 USB ports.
- **Smart parental controls:** The nighthawk app lets you manage device internet access and filter websites.
- **Safe & secure:** Supports wpa2 wireless security protocols. Includes guest wifi access, dos, firewall, VPN, and more.

Netgear RBK752-100EUS Wi-fi Router

- QoS – Prioritize gaming devices and allocate bandwidth by device to eliminate lag due to queuing at the ISP network
- Geo Filter – Fix your gaming lag by limiting the distance
- Create a blacklist or whitelist of your preferred servers
- Gaming Dashboard—Personalize dashboard to view real-time bandwidth utilization by device, ping delays, and more on a single screen
- Gaming VPN—Connect to the VPN server with a VPN client to protect your network identity
- Network Monitor—Check bandwidth utilization by device and application
- Four (4) Gigabit Ethernet Ports—Maximize speeds using a wired connection
- Works with all Internet Service Providers – Airtel Fibernet, BSNL, ACT, Vodafone, Tata Tele, Hathway, Beam Cables, Tikona, MyWorld, Nextra, Siti Cable, You Broadband, Spectranet, and all other major service providers

Netgear RAX40-100INS Wi-Fi Router

- Fast Wi-Fi, high-performance 12-Stream Wi-Fi with up to 600+2400 Mbps for ultra-fast wireless speeds
- More Wi-Fi for more devices – OFDMA allows efficient data transmission for up to 16 devices at the same time
- Maximized range – two (2) high-performance antennas extend wireless range coverage indoors and out
- Four Gigabit Ethernet LAN ports – connect more wired devices for faster file transfer and uninterrupted connections
- Works with Existing Wi-Fi devices – supports all current Wi-Fi devices and is backward compatible with 802.11a/b/g/n/ac client devices
- Works with all internet service providers – Airtel Fibernet, BSNL, ACT, Vodafone, Tata Tele, Hathway, Beam Cables, Tikona, MyWorld, Nextra, Siti Cable, You Broadband, Spectranet, and all other major service providers

Nighthawk RAX80 AX6000 WiFi 6 Router

- Next-gen Wi-Fi 6 (802.11ax) router, leading the New Era of Wi-Fi with ultra-fast speeds up to 6 Gbps
- MU-MIMO and uplink and downlink OFDMA substantially improves network capacity and efficiency
- 160MHz channel support allows for Gigabit Wi-Fi speeds for compatible mobile devices and laptops
- Use the six (6) Gigabit ports to connect more wired devices for faster file transfer and uninterrupted connections
- Multi-Gig Internet support with Gigabit Ethernet port aggregation

Nighthawk RAX120 WiFi 6 Router

- 5X better performance than a Router—12-stream WiFi with up to 1.2 + 4.8 Gbps†for ultra-fast wireless speeds
- Up to 8 simultaneous WiFi streams—8-stream MU-MIMO enables up to four (4) 2x2 devices at the same time.
- Maximized range—Eight (8) antennas extend wireless range coverage indoors and out
- AX optimized powerful processor—64-bit 2.2GHz quad-core processor ensures smooth 4K UHD streaming & gaming –ideal for Gigabit Internet speeds.
- Multi-Gig Ethernet port 5G/2.5G/1G—5 times the wired speed of typical Gigabit port
- Smart Connect—Intelligently selects the fastest WiFi band for every device connection.
One WiFi name for the entire home
- Nighthawk App—Easily set up your router and get more out of your WiFi. Includes access from anywhere to manage your network away from home

Netgear RAX50 Wi-Fi Router

- Provides more capacity so more devices can use Wi-Fi at the same time
- Get wireless coverage for medium-to-large homes with AX5400 speed (Dual-band up to 600 + 4800 Mbps)
- Works with existing Wi-Fi devices and new Wi-Fi 6 devices like iPhone 11
- Plug in computers, game consoles, streaming players, and other nearby wired devices with 4 x 1 Gigabit Ethernet ports
- Designed with a 1.5GHz triple-core processor, 4 amplified antennas, Beamforming+, Smart Connect, OFDMA, Amazon Alexa Voice Control, and more
- Share a storage drive with any connected device, and create personal cloud storage to access from anywhere, using the 1 x 3.0 USB ports

Netgear RAX50 Wi-Fi Router

- AC2000 WiFi—300+1733Mbps speeds
- High-power external antennas
- Nighthawk App—Easily set up and monitor your home network
- MU-MIMO—Go faster by simultaneously streaming to multiple devices
- USB 2.0 port—Wirelessly access & share USB hard drive
- ReadySHARE® USB Access—Wirelessly access & share USB hard drive via one (1) USB 2.0 port
- Ultimate connectivity for the latest dual-band WiFi devices such as smartphones, tablets, smart TVs, and more
- For up to 30 devices and 2000 square foot coverage
- item weight -377g
