Fold and Go

For creators on the move, hassle-free use is key. Weighing less than 249 g, Mini 3 Pro doesn't require registration in most countries and regions. The foldable and compact design also makes it easy to carry along with you on your next hike, beach day, or impromptu weekend away. Be ready to capture breathtaking footage when inspiration strikes.

Fly More With Bigger Batteries

For creators on the move, hassle-free use is key. Weighing less than 249 g, Mini 3 Pro doesn't require registration in most countries and regions. The foldable and compact design also makes it easy to carry along with you on your next hike, beach day, or impromptu weekend away. Be ready to capture breathtaking footage when inspiration strikes.

Improved Sensors

A close-up, black and white photograph of the DJI Mini 3 Pro camera. The central focus is the camera lens, which is surrounded by a series of concentric, rounded rectangular frames. To the left of the lens, the text "E 24" and "F 1.7" is printed in a clean, sans-serif font. The background is dark and out of focus, showing parts of the drone's body and other sensors.

DJI Mini 3 Pro is outstanding in a wide range of lighting conditions, so you can always be ready to create. The 1/1.3-inch CMOS sensor features dual native ISO and supports the direct output of HDR footage. Every image is enriched with a higher dynamic range to reveal more detail in highlights and shadows.

Tri-Directional Obstacle Sensors

DJI Mini 3 Pro is hands-down our safest Mini to date. Equipped with forward, backward, and downward dual-vision sensors and an all-new aircraft design, it offers a broader sensing range and enhanced safety.

APAS 4.0

Advanced Pilot Assistance Systems (APAS 4.0) detects objects in the aircraft's flight path in real-time. This allows DJI Mini 3 Pro to avoid obstacles, even in complicated environments.

True Vertical Shooting

Let's try that again in portrait. Quickly switch between landscape and portrait in just a tap. The re-engineered camera gimbal rotates 90°, so you don't have to compromise on image quality. True Vertical Shooting gives you detailed shots, instantly ready for social media.

Quick Transfer

Instantly ready to share your creations, Mini 3 Pro supports high-speed Wi-Fi downloads at up to 25 Mbps.

Specifications

Takeoff Weight	<249 g	Max Hovering Time	30/40 mins
Dimensions	Unfolded: 171×245×62 mm	Max Flight Distance	18/25 km
Diagonal Length	247 mm	Max Wind Speed Resistance	10.7 m/s (Level 5)
Max Ascent Speed	5 m/s (S Mode)	ISO Range	100–6400
Max Descent Speed	5 m/s (S Mode)	Max Image Size	8064 × 6048
Max Speed	16 m/s (S Mode)	Video Resolution	4K/60FPS
Max Service Ceiling	With Intelligent Flight Battery: 4000 m	Lens	FOV: 82.1° Aperture: f/1.7
Max Flight Time	34/47 mins	Sensor	1/1.3-inch CMOS
